

THE RHODESIAN RIDGEBACK CLUB OF THE UNITED STATES

EDUCATION

The RRCUS Education Committee is committed to carry on with much needed Education both for new comers to our breed but also providing continuing education for our seasoned breeders and exhibitors.

We have developed an extraordinary and unique tool for all: Rhodesian Ridgeback Boot Camp.

We encourage all Regional Clubs and/or Groups or interested individuals to organize a "Stand Alone" Ridgeback Seminar. This Boot Camp is an all-day learning Seminar and includes:

1. Breed Standard and Elaboration
2. Skeletal Anatomy
3. Critique of own dog based on learned skills
4. Handling Seminar

Required venue:

1. Indoor facility with enough room for 30 students and their dogs. Procedure will be that of dog show experience. (Expense borne by organizers)
2. Requirement for computer/LCD/power point presentation
3. Pot luck lunch or designated lunch (charged to the attendees)
4. Maximum of 30 students. Presentation is free to the organizers and is staffed by at least 3 presenters from the RRCUS Education Committee provided at RRCUS expense.
5. Regional Clubs etc. may charge a nominal fee; however, revenues beyond venue and Equipment expenses should be donated to the RRCUS Education fund.

Please contact me for additional information, calendar dates etc. Remember that Education is an important and affordable tool to stay informed and educated.
