### Booking Rules

1. One room per member
2. One reservation per call
3. You must secure your reservation with a credit card
4. To avoid any cancellation fees, you must cancel your reservation at least 48 hours prior to your scheduled arrival
5. There will be a waiting list managed by the RRCUS Specialty team. Any member booking a room at the host hotel best available rate will be automatically eligible for a discounted room if one becomes available. You will be contacted before any actual transfer is made as change in room type may be an issue
6. Rooms may not be transferred to other members. The name and credit card provided at the time of reservation must be the name and credit card presented at hotel registration
7. Any rooms cancelled will be offered to individuals on the waiting list, in the order that waiting list info is received
8. The reservation list will be monitored to ensure compliance with the reservation rules

### Why Rules?

RRCUS has a fixed number of rooms in the block at the discounted room rate contracted with the hotel. It is the maximum number the hotel will allow. To be fair to all individuals, no one will be allowed to reserve multiple rooms at the lower rate.

Room Type	Single Rate	Double Rate	Triple Rate	Quad Rate
Run of House	\$139.00	\$139.00	\$149.00	\$169.00

1. The discounted rate will vary based on the number of guests sharing a room
2. Room rates quoted above are non-commissionable, net rates, subject to tax, which is currently 9.55 %
3. These rates include free wi-fi, made-to-order breakfast, drinks and appetizers during the Manager's Reception each night
4. \$50 (onetime) nonrefundable charge for dogs in the room
5. Maximum 4 dogs per room

### Booking Through an Online Travel Website (e.g. Expedia, Hotels.com)

You may book rooms online at these websites for the host hotel and other hotels now. The rates, while rooms last, may be much less than the best room rate available at the host hotel outside the block.

If you do book a room online, **we will not be able** to link cancelled rooms and the corresponding discounted rate to you. Due to the centralized booking system used by the host hotel, they cannot develop or track a waiting list for individuals making reservations elsewhere. Reservations at the host hotel made in the name of any RRCUS member will be flagged for consideration.

### RV Spaces

There is a total of 10 RV spaces that will be available at the host hotel. RV space requests will begin with the release of the information packet in June.
